for **Kids!**

Car Seat Checks

The National Transportation Safety Board estimates that over 80 percent of child safety seats are installed incorrectly. To help ensure that our community's kids are safe, we are providing an opportunity for parents to learn about proper car seat placement and booster seat guidelines.

Helmet Fittings

We will have bicycle helmet fittings where kids will have a chance to take home a new helmet for a minimal \$8 donation.

Raffles & More!

Participants will be entering into a drawing to win a gift basket supplied by the volunteers at The Doctors Clinic Poulsbo Office.
